Babywearing 102 would like to thank the following people for their generous contributions to Wrapping 360:

The kind and beautiful Chyna Moss and baby A for volunteering to model for this massive project. You did an amazing job, and we couldn't have done this without you both.

Cybil Bailey for her onsite advisement and hands-on help with the photoshoot. We truly value your expertise!

Stephanie Epperson of Steph E Photography (<https://www.facebook.com/stephephotography?fref=ts>). You are a fantastic photographer, and you made our vision come to life beautifully!

The members of Babywearing 102. We wouldn't be here without you. Your participation inspires us!

Chyna is 5'4" and wore the following wraps for this project:

KoKaDi Ahoi size 6

Oscha Roses Juliet size 6

Didymos 1775 Cashmere Viola Tussah size 5

Warped & Wonderful Dark Turquoise Illusion size 4

Didymos Flamenco Hemp Indio size 3

Didymos Lila Royal V2 size 2

A chart with links to instructions for these and other carries, as well as a size guide based on body type can be found at:

<https://docs.google.com/spreadsheet/ccc?key=0ApYFNmdyDv4gdFM3VHIOTldkbjR6eVN1ZDdLVnRR0Gc#gid=0>

Please note that sizing is subjective. Body shape and wrapping style should be taken into account when determining the right size(s) for you. You may find you need more or less fabric depending on the wrap moldability, depth of tapers, size of your baby, or height/tightness of the wrap job. The chart is just a guide and, when in doubt, we always recommend going one size up — it's better to have too much length than not enough!
